Quote No. 7120

PROPOSAL AGREEMENT

Governed by the terms and conditions attached hereto we propose to install the following:

Item 24 24" CIDH Piling 260 LF @ \$380.00 per LF

Total Principal Sum: \$98,040.00

ESCALATION: The Principal Sum quoted herein is valid provided this Proposal is accepted within 10 days from the date hereon, and the work is completed by July 2019, however Don H. Mahaffey Drilling Co. ("MAHAFFEY") reserves the right to adjust its' prices at any time to allow for any price increases for its' cost of labor and purchase of material under the prevailing market conditions. All material included in the Principal Sum is subject to prior sale.

SECTION 1. THE ABOVE PRICES SHOWN SPECIFICALLY INCLUDES ONLY THE FOLLOWING WORK DESCRIPTION:

- ☐ Drilling for the installation of the CIDH piles.
- ☐ Machine power (only) to hoist CIDH reinforcing cages to a maximum 3-feet above existing grade. Cages shall be provided to DHM by Client as per DHM requirements. All excavating, if required to facilitate the installation of reinforcing cage extensions and/or dowels is to be performed by others in a schedule and sequence so as to not delay MAHAFFEY's work. Sandblasting, final trimming, embedments, forms; and any other reinforcing cage-related items are excluded.
- ☐ Obstruction Drilling is defined herein as excavating or drilling materials which cannot be drilled/constructed with conventional earth augers and are not indicated on the project soil borings. Obstruction drilling is not included in the Principal Sum. Obstruction drilling time will be documented on MAHAFFEY Daily Work Tickets and signed by an authorized Representative of the Contractor on a timely basis. All such time will be charged at the rate of \$1,220.00 per hour per rig and is in addition to the Principal Sum above. Dispute and/or refusal to acknowledge and sign for obstruction drilling as documented will be cause for cessation of work until such disagreement is resolved by an authorized representative of MAHAFFEY. Obstruction drilling is not change order work.
- ☐ Dry, level, continuous, unobstructed access is to be provided and maintained by others to within 5-foot horizontal reach of center at the top of each pile cutoff elevation for all equipment and material trucks moving under their own power. A sufficient amount of work, according to MAHAFFEY's criteria, must be made available prior to MAHAFFEY performing any mobilizations to the project. In the absence of that criteria being met, MAHAFFEY will mobilize, at its option and timing, in exchange for the issuance of a change order compensating us for that "Additional Mobilization".
- ☐ All abutments, bents, pile caps and/or grade beam excavations shall be performed by others in a schedule and sequence agreed to in writing by MAHAFFEY in advance.
- ☐ All extra work will be charged in addition to the unit prices.
